About IIIT-Delhi

Indraprastha Institute of Information Technology, Delhi (aka. IIIT-Delhi or IIITD) was created as a State University by an act of Delhi Government (The IIIT-Delhi Act, 2007) empowering it to do research and development, and grant degrees. In a relatively short time, it has earned an excellent reputation in India and abroad for being a center of quality education and research in IT and interdisciplinary areas.

Accreditation

'A' Level accreditation

'12B' accreditations

Departments

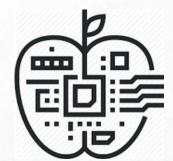

Computer Science and Engineering

- Computer Graphics
- Image Analysis, Biometrics and Computer Vision
- Mobile and Ubiquitous Computing
- Artificial Intelligence
- Information Security and Privacy
- Robotics and Affective Computing
- Information Management and Data Analytics

Electronics and Communication Engineering

- Signal Processing
- VLSI Circuits & Systems
- Wireless Communications & System
- Controls & Robotics
- Advanced System
- Sensors and IoT

Computational Biology

- Systems and Network Biology
- Bioinformatics and Translational Medicine
- Precision Medicine and Health Informatics
- Structural Biology and Biophysics
- Biostatistics/ Quantitative Genetics
- Computational Neuroscience
- Computational Gastronomy

Social Sciences and Humanities

- Social and Political Philosophy
- Business Anthropology
- · Anthropology of Social Media
- Psychology
- Econometrics
- Game Theory

Human-Centred Design

- Wearable Computing
- Design Research
- Animation Film Making
- Human-Centred Robotics and Artificial Intelligence
- Mobile Systems and Applications
- Machine/Deep Learning
- Human aspects of Software Engineering

Mathematics

- Number Theory
- Combinatorics and its Applications
- Algebraic Number Theory
- Functional Analysis
- Variational Calculus and their Applications
- Scientific Computing

Modern, well furnished hostels with climate control

State of the art well equipped labs

Infrastructure

State of the art sports complex

High Speed WiFi enabled campus

Smart classrooms

Industry facing education

Refresher/
induction
modules at
the beginning of
the program

Continuous course assessment

Modern Pedagogy

Additional learning support through seniors

Project based learning

Highly prolific faculty with about 2/3rd having overseas research experience

Financial

support to

participate in

conferences

Overseas research fellowship for Ph.D. students

International Exposure

MoU with foreign universities for student exchange programs

Guidance and support to apply for foreign internship

Lab space for all Ph.D. students

Advance research focused courses

UGs facilitated to write papers with faculty members

Research **Focus**

Credits for student driven independent

study projects

Courses on scientific writing and ethics

> Faculty with industry experience

Support for long duration internships

Industry sponsored Labs and research centres

Industry Oriented

Collaborations with industry for technology exchange

On campus incubation center

Opportunity for inter-disciplinary research

Flexibility to build your own program

Inter-disciplinary programs

Interdisciplinary Curriculum

Wide range of open electives in all program

Online courses from Coursera, edX, NPTEL

Our Faculty

At IIIT-Delhi we believe that the quality of education and the institution is largely dependent on the quality of the faculty. All our faculty have graduated or have Ph.D. degree from institutions of repute from around the world. The institute lays a lot of emphasis on research, and offers research grants, sabbaticals, and options to pursue entrepreneurial ventures to the faculty members.

Some of the places our faculty have done Ph.D. from

Collaborations

IIIT-Delhi's culture of collaboration is the driving force for research innovation. The Institute has actively developed collaborations and strong working relationships with different reputed universities, research councils, policymakers, industry partners and companies.

Faculty Collaborations

Apart from the Institute level collaborations, our faculty members also collaborate with universities and industries across the globe.

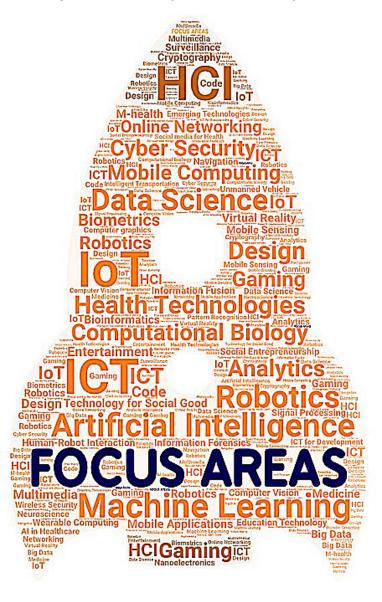

Countries where our collaborators are:

Entrepreneurship

Incubation and Innovation Center at IIIT-Delhi encourages students and faculty members to innovate and become entrepreneurs. The facility, started in 2016, already houses more than 25 start-ups of which, more than half are home-grown and a few are supported in the ecosystem of entrepreneurship on campus. Well known entrepreneurs are invited on campus regularly to interact with students and share their experiences. In addition to the physical infrastructure and support to start-ups, the Incubation and Innovation Center also awards seed funding, technical, and legal mentorship to the start-ups.

START-UPS ON BOARD

B.Tech.

The objective of the B.Tech. program at IIIT-Delhi is to train and equip students with the required knowledge and expertise, such that they are well prepared with the necessary core competencies, problem-solving, and innovation skills needed to succeed in engineering, and entrepreneurship careers.

- Computer Science and Engineering (CSE)
- Electronics and Communication Engineering (ECE)
- Computer Science and Applied Mathematics (CSAM)
- Computer Science and Design (CSD)
- Computer Science and Social Sciences (CSSS)
- Computer Science and Biosciences (CSB)
- Computer Science and Artificial Intelligence (CSAI)

M.Tech.

IIIT-Delhi subscribes to the view that a Master degree is primarily industry-focused, though it can be used as a stepping stone for research as well.

- Computer Science and Engineering (CSE)
- Electronics and Communication Engineering (ECE)
- Computational Biology (CB)

Specialized Courses

- CSE Artificial Intelligence
- CSE Data Engineering
- CSE Information Security
- CSE Mobile Computing
- ECE VLSI & Embedded Systems
- ECE Cyber-Physical Systems
- ECE Machine Learning

Ph.D.

The Ph.D. program at IIIT-Delhi is focused towards research like any other Ph.D. program - limited coursework to enhance the breadth and depth of a student, followed by focused research.

- Computational Biology (CB)
- Computer Science and Engineering (CSE)
- Electronics and Communication Engineering (ECE)
- Human Centered Design (HCD)
- Mathematics (Math)
- Social Sciences and Humanities (SSH)

Eligibility and Procedure

Educational Eligibility

B.Tech.

• Qualifying Exam would be an equivalent of Class-XII exam of CBSE (with Mathematics and Physics as mandatory and Chemistry as highly desirable) that concludes secondary schooling.

• Equivalence is as envisaged by the Association of Indian Universities

(https://www.aiu.ac.in).

Students may apply during or after their final year of secondary education.

For B.Tech. ĆSŚŚ, students with Mathematics as one of the subjects in class XII can also apply.

M.Tech.

• The candidate should have completed or must be pursuing a B.Tech./ B.S./ M.Sc. or equivalent Qualifying Program as described in the admission criteria of the desired program to which admission is sought.

Equivalence of degrees from colleges outside of India is as envisaged by

Association of Indian Universities (https://www.aiu.ac.in).

 Candidates may apply during or after their final year of their undergraduate program.

Ph.D.

 The candidate should have completed or must be pursuing a B.Tech./ B.S./ M.Tech./ M.S./ M.Sc. or equivalent Qualifying Program as described in the admission criteria of the desired program to which admission is sought.

Based on the qualifying exam being considered for admission, the coursework at

IIIT-Delhi will be similar to that for the Indian students.

 Equivalence of degrees from colleges outside of India is as envisaged by Association of Indian Universities (https://www.aiu.ac.in)

 Candidates may apply during or after their final year of their undergraduate or postgraduate program.

Details given on the website: https://ia.iiitd.ac.in

Residential Eligibility

B.Tech.

To be considered eligible for admission to the B.Tech. program as an international student through this process, the candidate must satisfy one or more of the following conditions:

- The candidate should be a Foreign Citizen (holding a foreign passport).
- If the candidate is an Indian Citizen, then the candidate must have completed (or be pursuing) the last 2 years of Higher Secondary education (equivalent to Classes XI and XII of CBSE) outside of India and have appeared (or appearing) in the Qualifying Exam (see Educational Eligibility) outside of India.

M.Tech.

To be considered eligible for admission to the M.Tech. program as an international student through this process, the candidate must satisfy one or more of the following conditions:

- The candidate should be a Foreign Citizen (holding a foreign passport).
- If the candidate is an Indian Citizen, then the candidate must have studied the Qualifying Program (see Educational Eligibility) outside of India.

Ph.D.

To be considered eligible for admission to the Ph.D. program as an international student through this process, the candidate must satisfy one or more of the following conditions:

- The candidate should be a Foreign Citizen (holding a foreign passport).
- If the candidate is an Indian Citizen, then the candidate must have studied the Qualifying Program (see Educational Eligibility) outside of India.

Details given on the website: https://ia.iiitd.ac.in

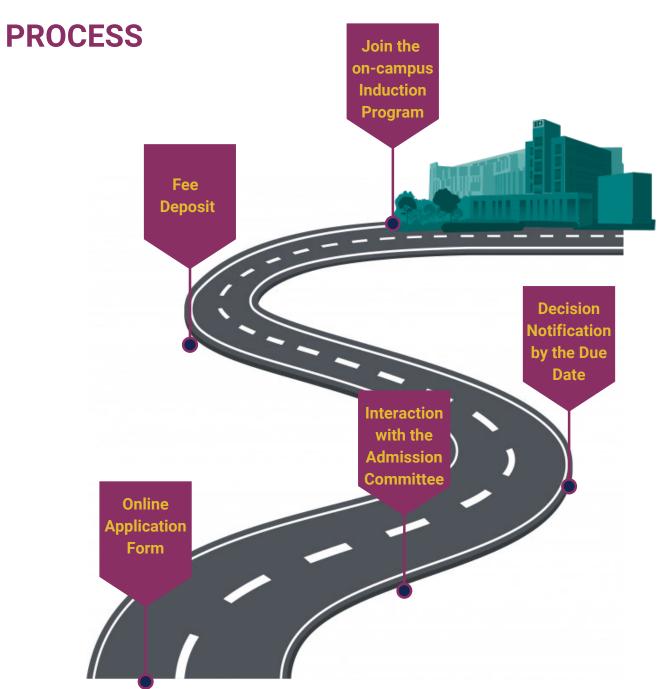

SCHEDULE

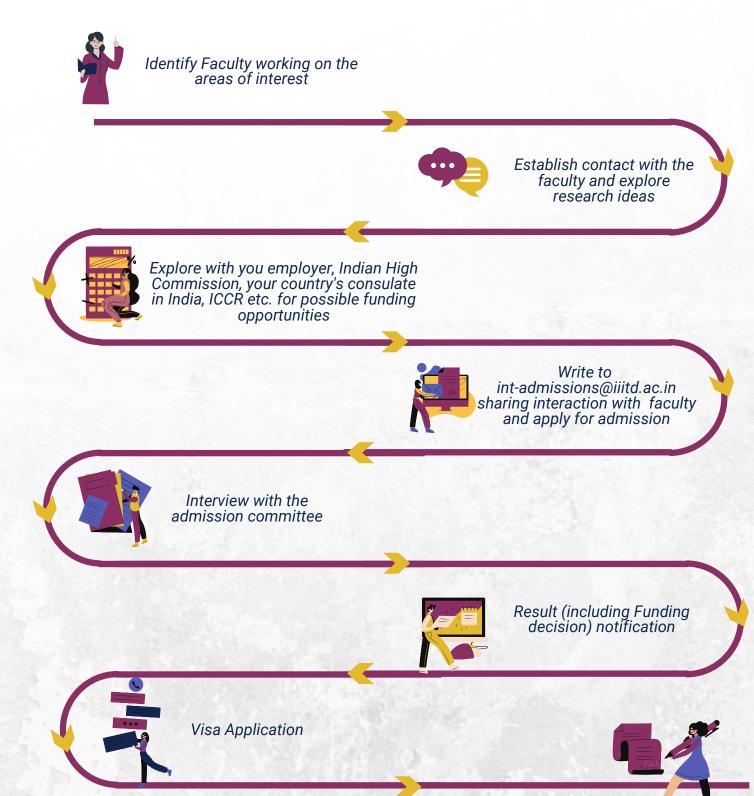

Important Dates For B.Tech. and M.Tech. Admissions

	Early Action	Regular Action	Late Action
Application Deadline	January 09, 2022	February 13, 2022	April 04, 2022
Last Date for Score Submission	January 26, 2022	February 22, 2022	April 23, 2022
Decision Notification	January 31, 2022	March 04, 2022	May 03, 2022
Admission Fee Deposit Date	February 13, 2022	March 19, 2022	May 21, 2022

INFORMATION FOR PH.D. ADMISSIONS

We strongly encourage students to explore the IIIT-Delhi website and identify the faculty with whom he/she wishes to pursue research. It is a good practice to interact with the faculty and identifying possible research areas before starting the application process. Ph.D. students can be enrolled at IIIT-Delhi at any time. The faculty adviser may also direct the student to the regular Ph.D. admissions process.

Joining IIIT-Delhi

At present, IIIT-Delhi admits undergraduate international students through three primary routes. These are:

- Students apply directly to IIIT-Delhi
- Direct Admissions of Students Abroad (DASA) (facilitated by Govt. of India)
- Cultural Exchange (facilitated by Indian Council for Cultural Relations (ICCR))

	One Time Fee	Fee in Monsoon Semester (4 months)	Fee in Winter Semester (4 months)
Application Fee	\$50		
Admission Fee	\$1000	• • •	
Facilitation Fee	\$500		
Security Deposit	\$500	0 0 0	
Alumni Fees	\$50		
Tution Fee		\$7500	\$7500
Hostel Fee		\$600	\$600
Mess and Electricity Fee		\$200	\$200
Total	\$2100	\$8300	\$8300

- Fees for DASA candidates will be governed by the DASA office . (https://dasanit.org)
- Fees for ICCR candidates will be governed by the ICCR office and students admitted through ICCR will be sponsored by ICCR. Please contact the Indian Embassy in the country you are residing in. (https://www.iccr.gov.in)

Fee Structure for M.Tech.

At present, IIIT-Delhi admits international students for the PG Programs through three primary routes. These are:

- Students apply directly to IIIT-Delhi
- Direct Admissions of Students Abroad (DASA) (facilitated by Govt. of India)
- Cultural Exchange (facilitated by Indian Council for Cultural Relations (ICCR))

	One Time Fee	Fee in Monsoon Semester (4 months)	Fee in Winter Semester (4 months)
Application Fee	\$50		
Admission Fee	\$1000		
Facilitation Fee	\$500		
Security Deposit	\$500		
Alumni Fees	\$50		
Tution Fee		\$4000	\$4000
Hostel Fee		\$600	\$600
Mess and Electricity Fee		\$200	\$200
Total	\$2100	\$4800	\$4800

- Fees for DASA candidates will be governed by the DASA office . (https://dasanit.org)
- Fees for ICCR candidates will be governed by the ICCR office and students admitted through ICCR will be sponsored by ICCR. Please contact the Indian Embassy in the country you are residing in. (https://www.iccr.gov.in)

Fee Structure for Ph.D.

Ph.D. students can be enrolled at IIIT-Delhi at any time through the rolling admission process. Interested students can engage with the faculty independently and identify topics of mutual research interest. Subsequently, the faculty adviser can recommend the student for direct admission or may ask the student to participate in the regular Ph.D. admission process.

	One Time Fee	Fee in Monsoon Semester (4 months)	Fee in Winter Semester (4 months)
Application Fee	\$50		
Admission Fee	\$1000		
Facilitation Fee	\$500		
Security Deposit	\$500		
Alumni Fees	\$50		
Tution Fee		\$2500	\$2500
Hostel Fee		\$600	\$600
Mess and Electricity Fee		\$200	\$200
Total	\$2100	\$3300	\$3300

FEE SCHEDULE

	Early Action	Regular Action	Late Action
Admission Fee Deposit Date	February 13, 2022	March 19, 2022	May 21, 2022
50% Admission Fee Refund	February 22, 2022	March 29, 2022	
25% Admission Fee Refund	February 28, 2022	April 05, 2022	-
10% Admission Fee Refund	March 09, 2022	April 11, 2022	May 26, 2022

- Facilitation Fee, Alumni Fee, Security and Hostel Fee will be refunded in full
- Admission Fee will be refunded according to the above table

Early Action		Regular Action	Late Action
Semester Fee Deposit Date	March 28, 2022	April 28, 2022	May 28, 2022
Semester Fee Deposit Date with Fine of USD 500	April 04, 2022	May 06, 2022	May 31, 2022
Refund Claim Date	Upto May 31, 2022	Upto May 31, 2022	

- Before May 31, 2022, Semester Fee will be refunded after deducting 2500 USD. Facilitation Fee, Security, Hostel Fee, and Alumni Fee will be refunded in full
- After 31st May 2022, only Security, Hostel Fee, and Alumni Fee will be refunded Schedule for Spot Round to be notified later after DASA-2022 schedule is finalized and available

Financial Support for B.Tech.

IIIT-Delhi is proud to offer a range of scholarships and fellowships to recognize and to support the international students. IIIT-Delhi will make all the endeavors to ensure that the meritorious students are not deprived of education due to financial constraints. Therefore the Institute will offer fellowships to the meritorious students.

Upto 80 % of the students, admitted through direct application route can be supported with fellowship. Teaching Assistant positions are also available with various courses.

Details given on the website: https://ia.iiitd.ac.in

Financial Support for M.Tech.

IIIT-Delhi is proud to offer a range of scholarships and fellowships to recognize and to support the international students. IIIT-Delhi will make all the endeavors to ensure that the meritorious students are not deprived of education due to financial constraints. Therefore the Institute will offer fellowships to the meritorious students.

Upto 80 % of the students, admitted through direct application route can be supported with fellowship. Teaching Assistant positions are also available with various courses.

Details given on the website: https://ia.iiitd.ac.in

Financial Support for Ph.D.

It is highly encouraged that the student explores resources to support his/her Ph.D. education from the home country. The institute will offer best possible support in terms of meeting the home country's requirements to grant support. For students who are unable to arrange the entire support from the home country, IIIT-Delhi offers multiple avenues of support.

The Institute commits to support all Ph.D. students with fellowships in line with the Government regulations and students can also apply for multiple additional fellowships during their tenure at IIIT-Delhi.

Details given on the website: https://ia.iiitd.ac.in

RULES FOR CONTINUING THE SCHOLARSHIP

1

The Scholarship offered at the time of admission is valid for the first year. After the first year, the eligibility of the students for fellowship will be reviewed at the beginning of every subsequent semester. It can increase or decrease based on the rank of the student amongst the other international students admitted in the same year.

A student will be eligible meets certain criteria B.Tech. and M.Tech. stu

/she

A student will be eligible for merit fellowship only if he/she meets certain criteria of academic performance. For B.Tech. and M.Tech. students these would be linked to the median performance of the entire batch of students admitted in the same year in the same program. For Ph.D. students this will be based on the assessment of the review committee formed for the student.

3

The fellowship can continue at maximum until the normal duration of the program (4 years for B.Tech. program, 2 years for M.Tech. program, and 4 years for the Ph.D. program). If the student is required to stay longer than this to complete the academic requirements, he/she is expected to pay the regular international fee.

World Class Infrastructure

100,000 SQM built-up area

Incubation and Co-working Facilities

Court

Indoor Swimming Pool

Connectivity with 3 metro stations

Modern Lecture Halls

Education Labs

Outdoor Football and Volleyball Court

Club Rooms

Centrally located

Basketball Court

Close to restaurants serving Indian and International cuisines

Hi-tech Library with Reading Rooms

Hostel with Climate Control Facility

Squash courts

Common Rooms

Located next to Government green reserve land

* AICTE clean campus ranking

Hostel Capacity, with climate control
Studios are also available for married students

25+ Student Clubs

Students take part in a number of social and cultural activities. If they want to pursue a hobby, they just need to find some like minded people to start their own club (if not already in existence).

The clubs at IIIT- Delhi are based on adventure, music, software development, community work, dramatics, entrepreneurship, electronics, programming, game development, dance, painting, design, photography, chess, quizzing, sightseeing, public speaking, eco-development and more. These clubs enable students to share knowledge and mentor those looking to break into the field.

Student Events

The campus hosts numerous academic, socio-cultural, and sports events.

- ESYA: the technical fest of the Institute with an approximate footfall of more than 5k students
- Odyssey: the cultural fest of the Institute with an approximate footfall of more than 10k
- Book exchange week
- TedX@IIITD
- Hackathons
- Sports tournaments like Triquetra
- Community activities like blood donation camps, tree plantation drives, summer camps, etc.

Multi-Cultural Campus Life

The campus being located in the capital city, is home to students from all across the country and abroad. All the religious and national festivals like Diwali, Eid, Christmas, Halloween, Holi, Republic Day, etc. are celebrated in the campus with great zeal.

Life Around Campus

The campus is located in the most happening part of the city. Most of the population are students or working class young people. The area also hosts many other educational Institutes and universities.

Living in New Delhi

The capital of the largest democracy on earth is also an addictively sociable, dynamic, and vivacious city that will absorb you into its plural culture with layers of perspectives and never really let you go. There's as much history as you can handle, a vibrant art scene, an expansive international community, and rich cultural undertones to its daily life.

Our Alumni

Alumni of IIIT-Delhi are doing very well in various spheres of engineering endeavors. Many are working with industry in a range of technical and managerial profiles. A large number of our graduates are pursuing higher studies. Many have started their entrepreneurial ventures or have joined one. Quite a few of them have also pursued the path of joining the Civil Services and facilitating a social change.

	Number of Highest Offers Package		Average B.Tech. Average M.Tech. Package Package	
Class of 2021	618	50 lacs	16.81 lacs	16.22 lacs
Class of 2020	409	154.79 Lacs 43.31 lacs (Overseas) (Domestic)	16.97 lacs	16.29 lacs
Class of 2019	269	41 lacs	15.81 lacs	16.39 lacs

Where Our Graduates are

Alumni Speak

Venkatesh Vinayakarao Ph.D. class of 2018, Lecturer, Chennai Mathematical Institute IIITD is an amazing place. I enjoyed every bit of my stay there. The army of PhD students, amazing faculty, great staff, the best librarian and the lovely campus give a strong research ambiance which is important for a top-class university.

Shravika Mittal

B.Tech. Class of 2020, MS in Computer Science, Georgia Institute of Technology IIIT-Delhi offers a comprehensive environment for students to themselves find what interests them. It provides exposure to various opportunities that we can leverage in our 4 years here.

M. Tech. Class of 2012, Doctoral Research Scholar at Columbia University ...super awesome faculty, work culture, openness to betterment, the enthusiasm in the air brings out holistic personality development in students and teaches them the importance of ethics and rigor in life... The more I say, the less it seems:)

Hemant Kumar Aggarwal

PhD class of 2017, University of Iowa

In my opinion, the strength of IIIT-Delhi is its young faculty that works on stateof-the-art topics inline with the top universities in the world. This thing makes us a premier research Institute.

Sampoorna Biswas

B. Tech. Class of 2014, Data Scientist at Clir Renewables The teaching methods and the environment at IIIT-Delhi not only build technical skills, but also build confidence and give good work ethics.

Himanshu Kumar

B. Tech. class of 2015, Project Manager, Newgen Software Technologies When you will step out of IIIT-Delhi, you will for sure realise that there is a huge difference between a IIITDian and others. For sure you will feel proud of being part of the IIITD family.

B. Tech. class of 2021, Software Development Engineer, Adobe It was a great experience being at IIITD, one of the best things that happened I guess. Taught me a lot of stuff, both technical, non-technical and personal. It made me grow as a person and prepared me for what's to come ahead.

Manisha Khattar

M.Tech. Class of 2015, Software Engineer at Google I learnt a lot, took many interesting courses, worked on many intriguing yet innovative projects. All this helped me in grasping new things and also gave me a lot of confidence to believe in myself...
